Suitable for Key Stage 2

Booking Day Trips Booking Form on page 10

The Growing Your Food programme has been designed to educate and inspire pupils studying food, diet, plants, natural and food sciences, particularly focusing on workshops suitable for children at Key Stage 2.

Smart Greens UK adopts a practical cross-curriculum and STEM education approach using traditional growing and a commercial-scale Aquaponics system, as the basis for teaching and pupil engagement. Our teaching has particular relevance to the core competences and the framework of skills and knowledge around food, diet and physical activity that include the School Food Plan and the Eatwell Guide.

In respect to fresh produce, we answer the questions

- Where does our food come from?
- How does it grow?
- In a changing world, is our approach to fresh food changing?

A school/group day trip includes the following workshops:

- How does your garden grow?
- Vegetable Hunt
- Get to know your vegetables
- Ask & Taste
- Plants need feeding

Suitable for Key Stage 2

Booking Day Trips Booking Form on page 10

A programme to educate and inspire pupils studying Green Energy & Electricity, including wind and solar generation, community clean energy, sustainable living and natural systems, particularly focusing on sessions suitable for children at Key Stage 2.

Activities are fun, interactive and develop key maths and science investigation skills.

Energy is what makes everything happen in the universe! Our lives today utterly depend on abundant, freely available supplies, yet the way we've been generating it is causing huge problems - we need to get better, fast!

'Green' energy means energy that's generated in clean, sustainable ways – ones we can continue for the long term, without piling up problems.

A school/group trip includes the following workshops:

- Energy & Electricity
- Natural Energy Sources
- Why & Where do we use Electricity?
- Visit to Westmill Solar Farm
- Visit to Westmill Wind Farm

A trip will include hand-on explorations at Farmer Gow's, and a visit to Westmill Wind and Solar Farm, to experience close up how wind and sun supply sufficient power for whole communities.

Frequently Asked Questions

How far do we go? 1-hour drive time from the farm. It varies how far this is but Google Maps is a good guide.

How long can we visit?

30 minutes ~ 6 hours. We will chat through a programme with you to ensure your children and adults get great farm animal contact.

How much will it cost?

We have quite a lot of work to do to prepare the Mobile Farm for a visit.

We have to travel to and from your site and clean/disinfect all our equipment on our return to the farm.

Once we have your Booking Form and you have chatted with Anne, we will provide a quotation by email. You are welcome to accept or decline our quotation.

Please see minimum costs for Medium and Large visits. These guides are pretty accurate if you are local. They will increase with travel time and time spent on your premises.

Invoice

You will be invoiced at the end of the trip. The invoice will include direct payment details

Farmer Gow's Education Ltd is not VAT registered.

Where to send your Booking Form - Education@farmergows.co.uk

Regulation

We are licensed to provide a Mobile Farm service with

- Department for Environment, Food & Rural Affairs (DEFRA)
- Trading Standards and
- Environmental Health, Vale of White Horse District Council (VWHDC)

Working Areas & Access

Medium visit

We will arrive in the farm's VW caddy van

Please provide an outdoor working area, accessible by the van, approximately 6m x 6m

Indoor venue – please discuss with Sarah

The van is a secure store for some of the equipment used during a visit.

Access to the van is very important.

Large visit

We will arrive in the farm's truck with a 12' long livestock trailer.

Please provide an outdoor working area, accessible by the truck/trailer, approximately 10m x 6m.

The truck is a secure store for some of the equipment used during a visit. Access for the truck & trailer is therefore very important.

Medium & Large Visits

You are responsible for disinfecting indoor/hard standing areas prior to our arrival and after the visit.

We recommend plastic sheeting or equivalent for indoor working areas. Disinfection not required on grassed areas.

Farmer Gow's Education also offers

Workshops

- Be a Farmer
- Be a Shepherd
- Be a Goatherd
- Family of Farmers
- Family of Shepherds
