

Pot Grown Christmas Tree Care

Open Daily
9am-6pm
until 23 Dec

- 1 Inside ~ water daily
- 2 At the end of the Christmas season, harden the tree by placing in a cold frost free area
- 3 In the spring re-pot into a bigger bucket
- 4 Feed with osmacote granules
- 5 Keep peat/soil moist, especially when the tree is flushing – usually in May – but do not drown

Manage as per azaleas

Merry Christmas!
